If the baby's total score is in the  area, it is above the cutoff, and the baby's development appears to be on schedule.  
 If the baby's total score is in the  area, it is close to the cutoff. Provide learning activities and monitor.  
 If the baby's total score is in the  area, it is below the cutoff. Further assessment with a professional may be needed.

4. **FOLLOW-UP ACTION TAKEN:** Check all that apply.

- Provide activities and rescreen in \_\_\_\_\_ months.
- Share results with primary health care provider.
- Refer for (circle all that apply) hearing, vision, and/or behavioral screening.
